PERFORMANCE: Arrive performance ready (costume on, make-up on, etc.) behind the Emmett City Park Bandshell 20 minutes before show time. A line-up sequence will be posted on the back of the bandshell building. A few minutes before show time we will line up the dancers in this sequence. If you take your dancer to watch the show, please have them backstage at least 2 numbers before they perform. Due to the time allotment, some classes will only perform one dance. After the dancers perform, they are welcome to leave or stay and watch the show. Parents, please be responsible for your dancers and be there to pick them up as they exit the stage. We do not have volunteers to watch the dancers during the show.
